Prayer of the week – Darcy and Emma

Dear God

We thank you for our friends who care for us in our hardest times. Please care for them as they care for us.

Amen

Pupil Voice: "Our class news"

Mars: We looked for signs of spring, we've seen daffodils and snowdrops - Wilf

Jupiter. We have started to learn about poems. Some times they rhyme. But they don't have to. My favourite ones are the nonsense poems because they are funny - Oliver

Saturn: We have been learning long division in maths, it has been tricky but I am getting there, we have also been practicing our words for Candlemas service. - Billy

Neptune: In maths we are multiplying fractions and in science we made a poster about Jade Goodall, also in computing we made a powerpoint about David Attenborough. On Wednesday we planted some plants. PE this week was great, we played basketball. – Spencer and Thomas

Candlemas

We hope you enjoyed the service this afternoon celebrating Candlemas. We are so proud of all the children that participated in the service, either by speaking or sharing a picture. Thank you to the faith council for helping organise the service and choosing the hymns.

A message from Mrs Santinelli-Clarke:

This half term the topic in Mars class is Castles & Dragons. We have been doing lots of learning about this. We have learnt about types of castles, different parts of a castle and what knights are and what they wear. We have read lots of different stories about dragons and knights. In our choosing time we have had lots of different learning activities and role play related to our topic. This week in maths we have been learning about shapes and their properties and have also learnt about the weight of objects. We have been using the key words heavy and light. We are looking forward to making our own castles out of junk modelling!

What can you see in the picture?
 L1: I can write about what I can see in a picture.

Example: **I can see a bird.**
 I c a n s e e a b i r d .
 I c a n s e e a b i r d .
 I c a n s e e a b i r d .

castle
 I c a n s e e a b i r d .
 Well done!

The residents left chendashallow to find a new place because chendashallow was to dangerous to stay. So they travelled for 1 month on the seas and it was a very long time but after that they saw something in the distance so they sailed closer do-sser and closer until they got on to the island and the people welcomed them to the island. They said it was a city. But the biggest challenge was that shops they had to learn how to spend money it was a really big change to ~~the~~ ^{their} lives and with the parts of the boat they made rowers out of it. And lived happily ever after.
