Dear Dave workshop Josh

Thank you for coming and teaching us
that dance it was amazing and fun.
I'm sure my dad will love the
dance you have learned your-
self a whole new dance so you
could come here and teach us it
I appreciate it a lot thank you.

I was so fun and exciting to do
the dance festival and also thank
you for taking your own time
coming to our school and teaching
nearly 90 people a dance. It was
such a fun experience and I like
how me and my friends all
get to do our own little
part. Thank you so much.

My whole class loves this dance
and song. Even today when
we all performed our dances
to the school, I had butterflies
in my stomach but my smile
brought me much joy and
happiness.

Thank you!

Yours sincerely, Phoebe
